

Part 1 (conductor)

Procedure 1: start the timer for 1 minute cueing the non conductors in

Procedure 2: once the timer has gone off -- marking the end of Procedure 1, restart the timer for 1 minute simultaneously cueing the non conductors in with a single arm wave

Procedure 3: once the timer has gone off -- marking the end of Procedure 2, restart the timer for 1 minute simultaneously cueing the non conductors in with a single arm wave

Procedure 4: once the timer has gone off -- marking the end of Procedure 3, restart the timer for 1 minute simultaneously cueing the non conductors in with a single arm wave

Part 2 (non conductor)

NOTE:

- 1) watch the conductor as the transition from procedure to procedure will be cued by the conductor with a single arm wave
- 2) do the procedure you are on until you have read the next procedure regardless of this causing you to begin the next procedure a bit after it has been cued
; a texture of incessant talking must persist throughout the game regardless of the procedures specifications

Procedure 1:

talk at your partner about pencils, pens, and markers

Procedure 2:

whisper at your partner about pencils, pens, and markers

Procedure 3:

talk to your partner about toothbrushes

Procedure 4:

whisper to your partner about toothbrushes
